

TOWN OF SILVER CREEK  
CASTLE DANGER WASTEWATER COLLECTION SYSTEM  
CUSTOMER SERVICE APPLICATION & AGREEMENT

Customer Name: \_\_\_\_\_

Mailing Address: \_\_\_\_\_

\_\_\_\_\_

Telephone No.: \_\_\_\_\_

1. The above named customer states that he/she/they/it is/are the owner(s) of real estate within the Castle Danger Sewer Service Area and request(s) connection to the wastewater collection system.

2. The building(s) to be served is  residential  commercial. If the building to be served is a commercial building, provide information as to the building use and number of dwelling units, restaurant seats, etc.

3. This application must be accompanied by the following documents:

Deed of ownership to the property to be served by the wastewater collection system.

Location map and address showing the property location in relation to Castle Danger and the existing sewer system.

Property survey showing property corners, new building locations, proposed sewer route from the building to the sewer main line, description of the 20 foot permanent easement of the proposed sewer route, and topography of the proposed sewer route showing at minimum 5 foot contours with added information pertinent to placement of the sewer line as needed and requested by the engineer.

Invert elevation of proposed building sewer where it exits the building.

Check payable to the Town of Silver Creek for \$550 for the non-refundable application fee. Additional costs incurred in the review of an application will be borne by the customer.

The Town Engineer must review the above documents. If approval is granted to allow connection to the wastewater collection system, the above named customer/owner understands and agrees to the following:

1. Delivery of sewer service by the Town of Silver Creek shall be at the point of connection to pipes owned, leased, or under license by the Town of Silver Creek. Customer is responsible for the connection to the main line and the subsequent service line to the dwelling.

2. To pay a sewer access charge to the Town of Silver Creek in an amount to be established by the Town.

3. To pay all costs and expenses of installation and connection of the building to the wastewater collection system.

4. To allow placement of the grinder station in a location accessible at all times to township service truck or other equipment.

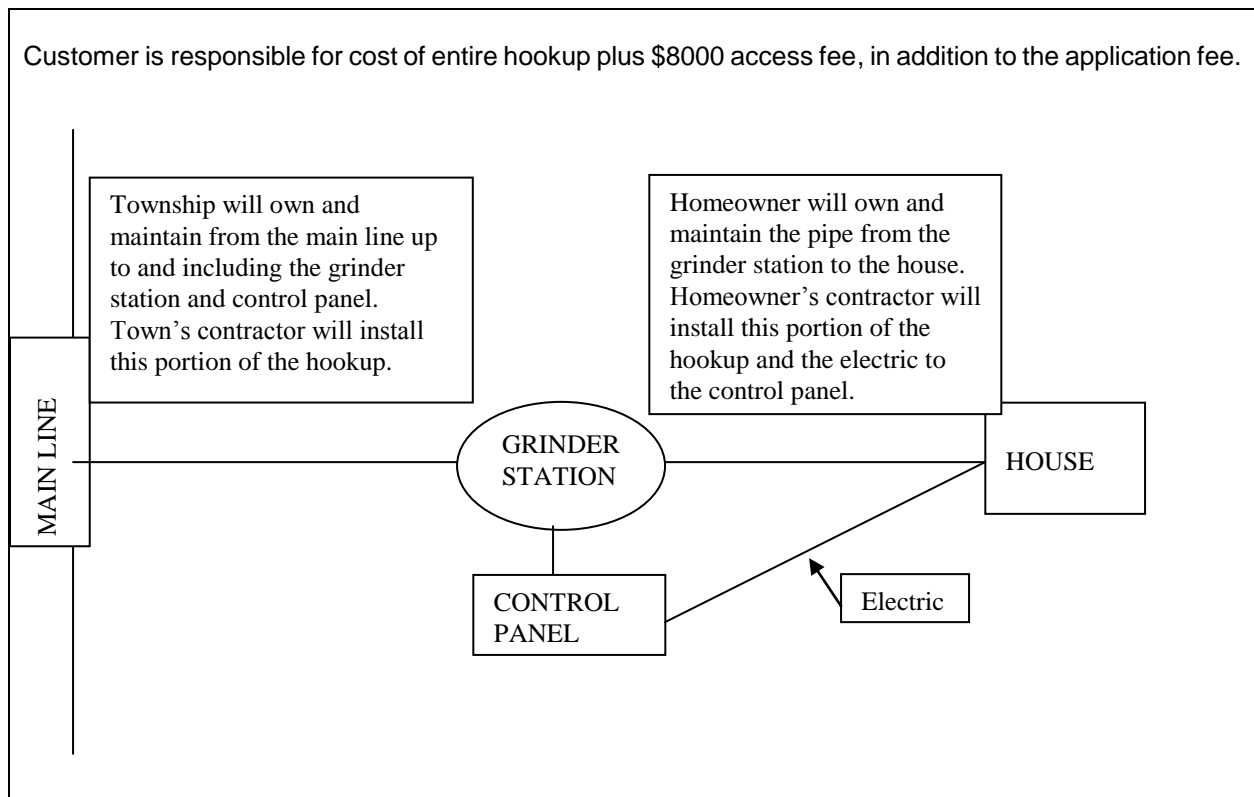

5. To indemnify the Town from any loss or damage that may directly or indirectly be occasioned by the connection to and service of the wastewater collection system.

6. That the service provided is subject to Town of Silver Creek Ordinances No. 98-1 and 98-2, as amended from time to time, and all Town Resolutions, rates, rules and regulations applicable to such service.

7. Sewer service may be regulated and/or metered by Silver Creek at such location on customer's side of point of delivery as directed by the Town of Silver Creek.

8. To sign an easement to the Town of Silver Creek to install, operate, maintain, replace or remove such portion of the sewer line and or appurtenances as may be located on the property of customer and customer agrees to execute such documents, if any, as Silver Creek may deem necessary to make such grant effective of record.

9. Customer agrees that duly authorized employees of the Town shall be permitted to enter the property to inspect the installation, maintenance requirements, and compliance with applicable rules and regulations applicable to the wastewater collection system.
